Seat & Back

- The Tazza shell is ergonomically designed, gently hugging the sitter's body offering back support and a waterfall front edge design to alleviate pressure from the back of the thighs.
- Seat shell is made of injection-molded polypropylene.
- Innovative design allows for the 4 leg to stack up to 4 chairs high free standing and 10 chairs on a dolly.
- Optional upholstered seat pads are made with CFC free high-density, high-resiliency polyurethane foam.

Frame:

- The durable 4 leg frame comes standard chrome plated, made of 0.7" (18 mm) in diameter steel, with black nylon glides.

Eura 1105U

Seat & Back

- The arms are highlighted with a comfortable Black "soft-touch" elastomer pad.
- The seat and upholstered back are made of a 0.4" (10 mm) beech plywood, padded with CFC free high density polyurethane.
- The seat is designed with a water fall front edge to alleviate pressure on the back of the thighs. For superior comfort the seat is padded with a 2" (55 mm) CFC free polyurethane foam.
- All sewn pieces are topped stitched for superior strength, quality and a more refined aesthetic.
- Stacks 2 chairs high free standing
- The Eura comes standard with black nylon glides.

Frame:

- The Eura is defined by the elegant pronounced lines of the chrome-plated steel frame, constructed of a 1" (25 mm) tube.

Zero9 09PUN Armless

- Meets Product Safety and Performance Standards of ANSI/BIFMA X 5.1-2011
- Stacks 12 chairs high with an additional 3.4" (85 mm) high per chair
- 5 chairs nest 37" (940 mm) deep

Seat & Back

- Flexible design allows for stacking and nesting with and without tablet.
- The plastic back is made of scratch-proof, textured polypropylene.
- The seat comes fully upholstered padded with CFC free, high density, high-resiliency polyurethane foam.
- Flexible back movement is obtained by two steel metal springs in a die-cast aluminum cover.
- Reinforced nylon glides act as a point of contact when stacking, to ensure a neatly stacked arrangement.
- Stacks 12 chairs high with an additional 3.4" (85 mm) high per chair.
- 5 chairs nest 37" (940 mm) deep.

Frame:

- The steel frame and all small metal components are protected by epoxy powder coated process standard in Gray.

Zero9 09PUA With Arms

- Meets Product Safety and Performance Standards of ANSI/BIFMA X 5.1-2011
- Stacks 12 chairs high with an additional 3.4" (85 mm) high per chair
