Certifications and Accreditations

ISO 14000 family

The ISO 14001 certification addresses “Environmental management”.

This means what the organization does to:

- minimize harmful effects on the environment caused by its activities, and to
- achieve continual improvement of its environmental performance.

ISO 9000 family

The ISO 9001 certification addresses “Quality management”.

This means what the organization does to fulfill:

- the customer’s quality requirements, and
- applicable regulatory requirements, while aiming to
- enhance customer satisfaction, and
- achieve continual improvement of its performance in pursuit of these objectives.

GREENGUARD Indoor Air Quality Certified SM

The Greenguard Indoor Air Quality Certified SM addresses “Indoor Air quality”.

This certification helps to:

- Choose materials and products that emit the fewest possible pollutants
- Have the highest level of corporate commitment to protecting indoor environments
- Have the requirement to work on LEED projects

To find our Greenguard certified product, visit the website: www.greenguard.org , you may upload the Greenguard certificate for each product.
